Creative Technology and Design student at the University of Colorado Boulder with a strong foundation in computer science and a passion for user-centered design, programming, and digital media. Skilled in crafting intuitive, visually compelling experiences that blend creativity with technical problem-solving. Adept at prototyping, front-end development, and designing interactive digital products. Driven, adaptable, and excited to bring innovative, user-focused solutions to real-world challenges.

EDUCATION

University of Colorado Boulder, Boulder, Colorado
Bachelor of Science in Creative Technology and Design
Minor: Computer Science

May 2028
GPA: 3.76

WORK EXPERIENCE

Smart Access, Austin, Texas

May 2026 – Aug 2026

UX Design Intern

- Redesigned the web portal navigation to improve usability, streamline user flows, and create a more intuitive experience for users.
- Designed and developed a functional mockup for a new mobile app feature, translating concepts into an interactive user experience using Figma and Figma Make.
- Updated and refined multiple pages across the company's marketing website in WordPress, improving usability, content presentation, and overall user experience.
- Collaborated throughout the product development process from initial concept and UX design through development and production, gaining hands-on experience in the full product lifecycle.

H-E-B, Austin, Texas

May 2023 – Present

Personal Shopper

- Accurately shopped, selected, and staged customer orders while handling substitutions, order updates, and perishable items according to safety guidelines.
- Provided friendly customer service during pickup and through in-app communication, using strong product knowledge to answer questions.
- Exceeded productivity and accuracy goals in a fast-paced environment while maintaining a clean workspace and collaborating with team members.

INVOLVEMENT

CU Boulder Endurance Racing Team, University of Colorado Boulder

September 2024 – Present

Team Member

- Met with the team weekly to design and modify three racecars and plan for four annual races at race tracks across the United States.
- Competed in driver selection qualifying throughout 2024 and 2025 seasons.
- Provided race day support at Harris Hills Champcar Race.

CU Boulder Snowboarding Team, University of Colorado Boulder

September 2025 – Present

Team Member

- Attend practice with the team 2-3 times a week to prepare for competitions.

VOLUNTEER EXPERIENCE

Central Texas Food Bank, Austin, Texas

March 2021 – Present

Distribution Volunteer

- Distributed food at Mobile Food Pantry sites, providing cheerful service to clients, and assisting with set-up and teardown.
